HISTORIC FUNCTION ROOMS

Exceptional events call for individual solutions planned down to the finest detail by professionals. The spacious rooms may be booked for exclusive social events.

KRISTALLSAAL

A particularly impressive feature of the Kristallsaal is its richly decorated ornamental ceiling, 6.50 metres above floor level. Being 199m² in size, this room, located on the upper floor, is the larger of the two function rooms. The large windows overlooking the Lichtentaler Allee provide an abundance of natural light. Banquets catering for up to 160 guests are possible.

SPIEGELSAAL

The naturally lit 163 m² room captivates with its brightness and the direct access to the terrace overlooking the picturesque Lichtentaler Allee. The room is particularly suited for banquets catering for up to 120 guests.

Combine your wedding special with our **nightclub TwentyOne**. The dance floor with DJ opposite the bar, the latest in music and lighting technology, and the intimate club atmosphere provide the guarantee for exclusive nights in an exceptional setting.
